Landing Page

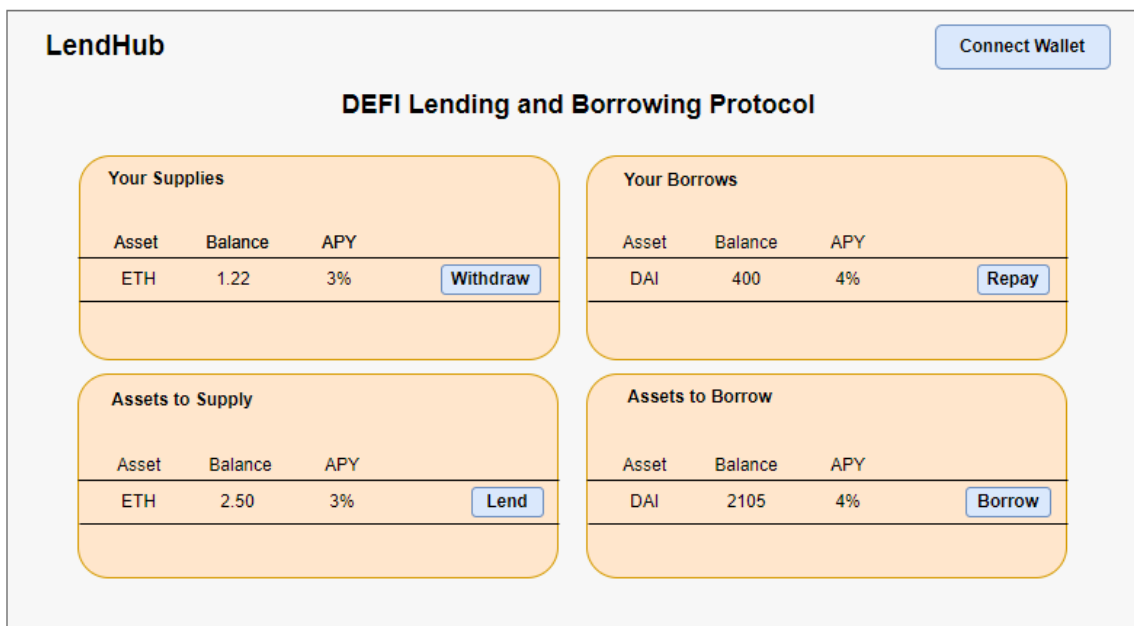

1. The first thing anyone will see is a landing page here. Click on "connect wallet" button and connect your Metamask account

Home Page

Once you connect with Metamask, you will be taken to the Home Page which is divided into four sections: Your Supplies, Assets to Supply, Your Borrowes, and Assets to Borrow.

1. **Your Supplies:** Displays all the assets you have supplied to the lending pool.
2. **Assets to Supply:** Shows all your assets in Metamask that you can supply to the lending pool.
3. **Your Borrowes:** Displays all the assets you have borrowed from the lending pool.
4. **Assets to Borrow:** Shows all the assets you can borrow based on what you have supplied to the lending pool.

Supply Modal

When the user clicks on the "Lend" button in the "Assets to Supply" section, a supply modal will pop up, asking the user to enter the amount they want to supply. Once they enter the amount and successfully complete the transaction, their supplied assets will appear in the "Your Supplies" section.

Supply

Amount

1.22 ETH

Transaction overview

| | |
|-------------------|---------|
| Supply API | 3 % |
| Collateralization | Enabled |

Supply ETH

Withdraw Modal

When the user clicks on the "Withdraw" button in the "Your Supplies " section, a withdraw modal will pop up, asking the user to enter the amount they want to withdraw. Once they enter the amount and successfully complete the transaction, their withdraw amount will be redacted from their supplied assets.

Withdraw

Amount

0.20 ETH

Transaction overview

| | |
|------------------|----------|
| Remaining Supply | 1.02 ETH |
|------------------|----------|

Withdrawing this amount will increase risk of liquidation

Withdraw ETH

Borrow Modal

When the user clicks on the "Borrow" button in the "Assets to Borrow" section, a borrow modal will pop up, asking the user to enter the amount they want to borrow. Once they enter the amount and successfully complete the transaction, their borrowed assets will appear in the "Your Borrow" section.

Borrow

Amount

500 DAI

Transaction overview
